

Woman Of The Cloth Cherry Creek, Stapleton, Lowery area, 3rd Wednesday, 7 - 9 pm

Members have varied interest and personal styles. Some homes can host machines and some not, so we do work as appropriate. Lots of good treats and chat.

Creativibeets Southwest Plaza Mall area, 4th Tuesday, 6:30-9:00 pm

Casual, do handwork and bindings, show & tell, whatever the group wants.

Fab Five @ Friends Lone Tree, Centennial, Littleton, 1st Wednesday, 10 am- 2 pm

Our group has no particular focus. Sometimes we do a project together, like a mystery quilt, or a charity project. We are all ages and abilities and A LOT of fun!

Free Motion Quilters Univ. & Arapahoe, 1st & 3rd Thurs, 7pm.

Everybody does their own thing and we stitch and bitch and occasionally get together on a weekend afternoon to stitch together if that fits people's plans or have a potluck dinner and watch a movie on a big screen TV; and go to quilt events as the mood strikes. (OK, we're loose) We also like to talk about books of ALL sorts. Anyone joining us must have a sense of the ridiculous and like to laugh. Some people do traditional, some more artsy.

Highlands Ranch Quilt Bee Highlands Ranch Library Room A, 2nd & 4th Weds, 1 - 3 pm

The Highlands Ranch Quilt Bee is a group of more or less traditional stitchers, with members from beginners to experienced quilters. We generally just bring our hand projects and sometimes do more talking than stitching, although we are trying to have a "program" at one of our two monthly meetings - either a demo, a discussion, a charity quilt sewing session, etc. We have done a number of charity projects in the past and are presently making quilts for the Ronald McDonald House. We are currently at about 17 members, but could accept a few more.

Loose Ends Roxborough S of Chatfield, Last Thursday, 1 - 3 pm

We have an eclectic group of ladies from younger to ought to know better. We share ideas and do not really have a set style. We welcome all newcomers, the more the merrier.

Material Girls Aurora and Denver, 1st Wednesday, 7:00 PM

We bring handwork and show and tell to meetings. Often in the summer, we take field trips to outlying quilt shops, rather than hold regular meetings. Several meetings a year, we work on charitable quilts. We have fun at our meetings!

S.W.A.T Bee Greater Denver area, date varies, 6:30 - 9 pm

We are definitely more process than product in our orientation, with no set style. Meetings are spent sharing ideas, books, & magazines, discussing recent classes attended, and showing projects in various stages of completion (including admiring fabric). Our interests cover many styles: piecing, appliqué, traditional, modern, fabric dyeing, etc. Retreats are held in member's homes once or twice a year, sometimes for a day, sometimes for a weekend, where we can set up our machines & work on a project for a longer period of time. We've been going out to tea once a year for one of our meetings. We would like a few more members, especially if you have a sense of humor

The Electric Quilters Meeting at Snappy Quilts in Greenwood Village, 2nd & 4th Mondays, 3:00 PM

Goals of this self-help bee group are to share information and improve our design skills using Electric Quilt. Members must have computer skills, some EQ knowledge and experience, and a laptop loaded with EQ7. This is for experienced Electric Quilter software users, not a beginners group.

Millennium SE Denver, Aurora, 1st Wednesday, 9:30- 11:30 am

No details available.
