

August Workshop with Jill Gorski ~ Bloomin Buttons Garden

This little quilt can be hung on a wall or used as a table accent to add a touch of springtime to your space. Your fabric choices need not be limited to feedsack. Let your buttons be your first choice and find fabrics to show them off. New buttons or vintage does not matter. Use what you love! For example, if you have black buttons (black glass would be fabulous!), you can pair them with Batik fabrics. Do you have lots of fun brown buttons? Pair them with the new Retro fabrics, such as Amy Butler's lines. White buttons work great with bright fabrics. Mix and match or all the same, you can create a garden setting to show off your buttons in no time and no limits!
